

Mountain Hardwear Edge of Reality – Competitor Information No. 2

21 January 2008

1. Power

There is no power in the camping area at Beachcombers. There is power in the cabins. If you don't have a cabin, please come to the event having all your batteries for your headlights already charged. Please also make sure that your mobile phone is fully charged before coming to Beachcombers.

If you are desperate, there will be a limited number of power points in the event HQ room. If you are worried about needing to charge anything on the Friday it is probably not a bad idea to bring a power board. There will be a small fee to charge each phone or headlight battery in the HQ room -payable to Beachcombers.

2. Profiles

Please make sure you have completed your profiles and provided all the information requested. It is important that we have your emergency contacts, know of any medical conditions and are able to contact you. Please do this by this **Sunday 20 January**. Go to <http://myprofile.arocsport.com.au/myprofile/login.aspx>

3. Team mates

There are a couple of teams looking for replacement team mates. If you know someone that wants to step in email alina with the details.

See you there!

The AROC Team
